CARE & MAINTENANCE

Collection:	Ligna
Pattern:	Hive
Reference:	42035
Composition:	Non-woven wallcovering
Description:	This drawing challenges you to use your
	imagination. Hive consists of inserts with a wood
	structure on a substrate of shiny film. The film
	appears in fine lines between the inserts,
	creating a hexagonal shape. In some colour
	combinations, they have a bright colour, in others
	a gentler, silvery sheen.

During installation:

Carefully wipe off any adhesive stains immediately (before the adhesive has dried) with clean water and a soft sponge. Do this after installation of each length.

Maintenance:

First try to apply in an inconspicuous place. Try to remove any stains immediately, before the stain can dry out, by whiping off the surface with clean water and a soft sponge. Only use clear water, no soap.

Dry with a lint-free, clean cloth.

Avoid excessive rubbing of the surface. Avoid excessive soaking of the surface.

Dust can be wiped off with a damp, lint-free, clean cloth or a brush with soft bristles, or can be lightly vacuumed with a soft bristle attachment to avoid damaging the surface.

Arte can not be held responsible if damage is caused to the product during the cleaning process.
