Description:	Being at one with nature is becoming more and more important. Natural elements like plants and trees have become indispensable in our interior. Within the Monochrome collection, we developed a design that is inspired by the unique structure of wood. Both vertically and horizontally, Timber has an expanding effect due to the flowing grain structure.

During installation:

Carefully wipe off any adhesive stains immediately (before the adhesive has dried) with clean water and a soft sponge. Do this after installation of each length.

Maintenance:

First try to apply in an inconspicuous place. Try to remove any stains immediately, before the stain can dry out, by wiping off the surface with clean water and a soft sponge. Only use clear water, no soap.

Avoid excessive rubbing of the surface. Avoid excessive soaking of the surface.

Dust can be wiped off with a damp, lint-free, clean cloth or a brush with soft bristles, or can be lightly vacuumed with a soft bristle attachment to avoid damaging the surface.
