

CARE & MAINTENANCE

Collection:	Essentials Brushed Suede
Pattern:	Brushed Suede
Reference:	59613 • Brick
Composition:	Wallpaper on non-woven backing
Description:	This plain wallpaper is named after the brushed suede painting technique, where paint is applied to the wall in specific patterns to create a soft suede look. The result is fantastic, but the process can be very time-consuming, labour-intensive and complex. This original wallpaper now offers a perfect alternative with the same artisanal look. What's more, it's much easier to apply. The paint used in the printing process is so concentrated that it looks as if it has been directly applied to the wall.

During installation:

Carefully wipe off any adhesive stains immediately (before the adhesive has dried) with clean water and a soft sponge. Do this after installation of each length.

Maintenance:

First try to apply in an inconspicuous place. Try to remove any stains immediately, before the stain can dry out, by wiping off the surface with clean water and a soft sponge. Only use clear water, no soap.

Dry with a lint-free, clean cloth.

Avoid excessive rubbing of the surface. Avoid excessive soaking of the surface.

Dust can be wiped off with a damp, lint-free, clean cloth or a brush with soft bristles, or can be lightly vacuumed with a soft bristle attachment to avoid damaging the surface.

Arte can not be held responsible if damage is caused to the product during the cleaning process.
