

# CARE & MAINTENANCE

---

Collection:	Metal X Patina
Pattern:	Chalk Stone
Reference:	60124 • Silver
Composition:	Metallic wallcovering on non-woven backing
Description:	A design that is all about detail and a homage to travertine, a chalk stone used to make sustainable artisan tiles. The Romans used travertine to build large parts of Rome, including the Colosseum. This metallic variant stands out because of its simplicity.

## During installation:

Carefully wipe off any adhesive stains immediately (before the adhesive has dried) with clean water and a soft sponge. Do this after installation of each length.

---

## Maintenance:

First try to apply in an inconspicuous place. Try to remove any stains immediately, before the stain can dry out, by wiping off the surface with clean water and a soft sponge. Only use clear water, no soap.

Dry with a lint-free, clean cloth.

Avoid excessive rubbing of the surface. Avoid excessive soaking of the surface.

Dust can be wiped off with a damp, lint-free, clean cloth or a brush with soft bristles, or can be lightly vacuumed with a soft bristle attachment to avoid damaging the surface.

---

Arte can not be held responsible if damage is caused to the product during the cleaning process.
