

CARE & MAINTENANCE

Collection:	Metal X Patina
Pattern:	Alepine
Reference:	60133 • Silver
Composition:	Metallic wallcovering on non-woven backing
Description:	A lovely combination of broad, ripped and aligned strips of textile, which have been covered with a thin layer of plaster. This pattern takes its name from the eponymous super-light silk fabric, Alepine. The design's distinctive, unconventional look is enhanced by the metal foil.

During installation:

Carefully wipe off any adhesive stains immediately (before the adhesive has dried) with clean water and a soft sponge. Do this after installation of each length.

Maintenance:

First try to apply in an inconspicuous place. Try to remove any stains immediately, before the stain can dry out, by wiping off the surface with clean water and a soft sponge. Only use clear water, no soap.

Dry with a lint-free, clean cloth.

Avoid excessive rubbing of the surface. Avoid excessive soaking of the surface.

Dust can be wiped off with a damp, lint-free, clean cloth or a brush with soft bristles, or can be lightly vacuumed with a soft bristle attachment to avoid damaging the surface.

Arte can not be held responsible if damage is caused to the product during the cleaning process.
