

# CARE & MAINTENANCE

---

Collection:	Moooi Collection 2024
Pattern:	Coccinella Bella
Reference:	MO5000
Composition:	Textile wallcovering on non-woven backing
Description:	The design is inspired by the unique flowers and plants that were deeply loved by the extinct <i>Rationalis Decoris Coccinellidae</i> s. More commonly known as 'Coccinella Bella'. These now-extinct lady bugs only emerged from their hidden habitats during the full moon, when their favourite stripy leaves and poppy-like flowers were bathed in a silver glow. Coccinella Bellas were the epitome of beauty, with their vibrant colours and intricate patterns. While they all sported the same colours, their patterns were as unique as the stars in the night sky. The Coccinella Bella wallcovering is digitally printed on soft touch textile.

---

## During installation:

Carefully dab off any adhesive stains immediately (before the adhesive has dried) with clean water and a soft cloth. Do this after installation of each length.

## Maintenance:

First try to apply in an inconspicuous place. Try to remove any stains immediately, before the stain can dry out, by dabbing off the surface with a moist, lint-free, clean white cloth. Only use clear water, no soap.

Avoid excessive rubbing of the surface. Avoid excessive soaking of the surface.

Dust can be wiped off with a damp, lint-free, clean cloth or a brush with soft bristles, or can be lightly vacuumed with a soft bristle attachment to avoid damaging the surface.

Arte can not be held responsible if damage is caused to the product during the cleaning process.
