# CARE & MAINTENANCE

Collection: Moooi Wallcovering Green House
Pattern: Techno Bee
Reference: MO5041 • Oyster White
Composition: Non-woven wallcovering
Description: The Techno Bee Wallcovering is a textile
                 wallcovering with a distinctive moiré effect
                 created by soft gauze textile stretched over a
                 textured relief, revealing the textile's colour
                 through the grid of the gauzy layer.

During installation:

Carefully dab off any adhesive stains immediately (before the adhesive has dried) with clean water and a soft cloth. Do this after installation of each length.

Maintenance:

First try to apply in an inconspicuous place. Try to remove any stains immediately, before the stain can dry out, by dabbing off the surface with a moist, lint-free, clean white cloth. Only use clear water, no soap.

Avoid excessive rubbing of the surface. Avoid excessive soaking of the surface.

Dust can be wiped off with a damp, lint-free, clean cloth or a brush with soft bristles, or can be lightly vacuumed with a soft bristle attachment to avoid damaging the surface.

Arte can not be held responsible if damage is caused to the product during the cleaning process.
