

Ikebana

Collection Ginkgo

Story behind the collection

This collection is named after its most striking design: Ginkgo depicts an abundance of leaves from the Japanese nut tree, or Ginkgo biloba, an exceptional tree that is rarely found in our regions. The other botanical pattern, Ikebana, also brings life into your home, while the Maya and Yumi designs add a bold touch. They are complemented by four (faux-)plains, each adding character to your interior in its own way.
