

# RÉVERIE Tropicale

Collection Essentials Les Naturels

#### Story behind the collection

People have always been attracted to natural materials and woven grasses in particular, which have been used in and around the house for centuries. Over time, these fabrics have become sturdier, with more applications. And now these materials have inspired the Les Naturels collection, in which the warmth of raffia, the subtle texture of sisal and the natural looks of woven grass are finally given the attention they deserve. The materials' organic origins and authentic colours bring a sense of calm to interiors, drawing nature indoors. They also combine beautifully with the two botanical prints in this collection.
