Collection Samal

## Story behind the collection

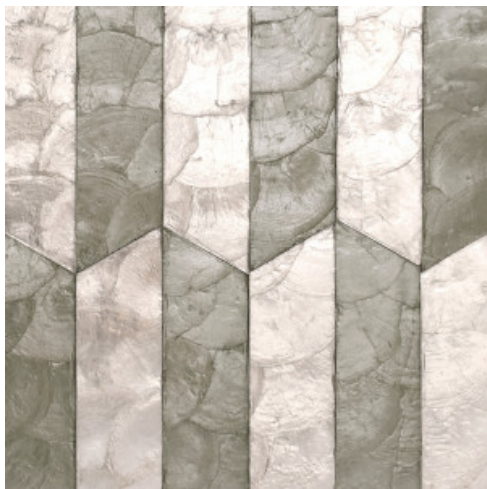

Samal is an island in the Philippines where capiz is harvested. These oyster-like shells are manually coloured, cut and inlaid in geometric patterns. Capiz is a real natural product; each shell is unique and differs in colour and structure. This makes this collection an exclusive and artistic wallcovering. In addition, the colour nuances of the mother-of-pearl vary according to the light, creating a surprising and constantly changing effect.
