

RATTAN

Collection Icons

Story behind the collection

Icons charms with its versatility of materials, all established values in interior decorating, such as shagreen leather (galuchat), bouclé fabric, metal accents and rattan. However, the application of these evergreens on the wall is extremely surprising and original. Typical are the various geometric patterns that show a striking block motif. Not only the warm material mix is a surprising factor, the varying incidence of light and the play of matt and gloss also give an extra luxurious dimension.
